$\frac{7}{8}$ ". Cut these squares into 128 half square triangles.

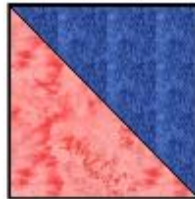

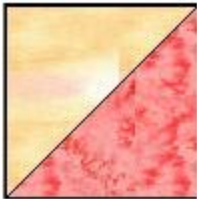

Now cut 8 strips $3\frac{1}{2}$ " x $39\frac{1}{2}$ " for borders. Sew these strips into pairs and add a light blue square the each end of 2 of these pairs.

Assemble the half square triangles into the following pairs to create parts of the blocks.

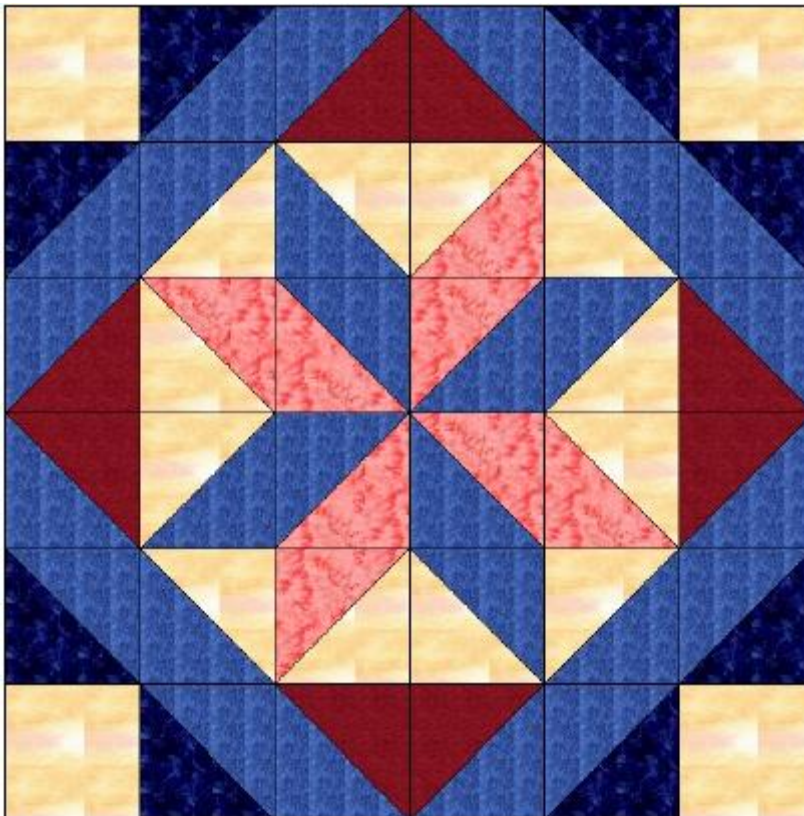

Make 128 of each one of these pairs.

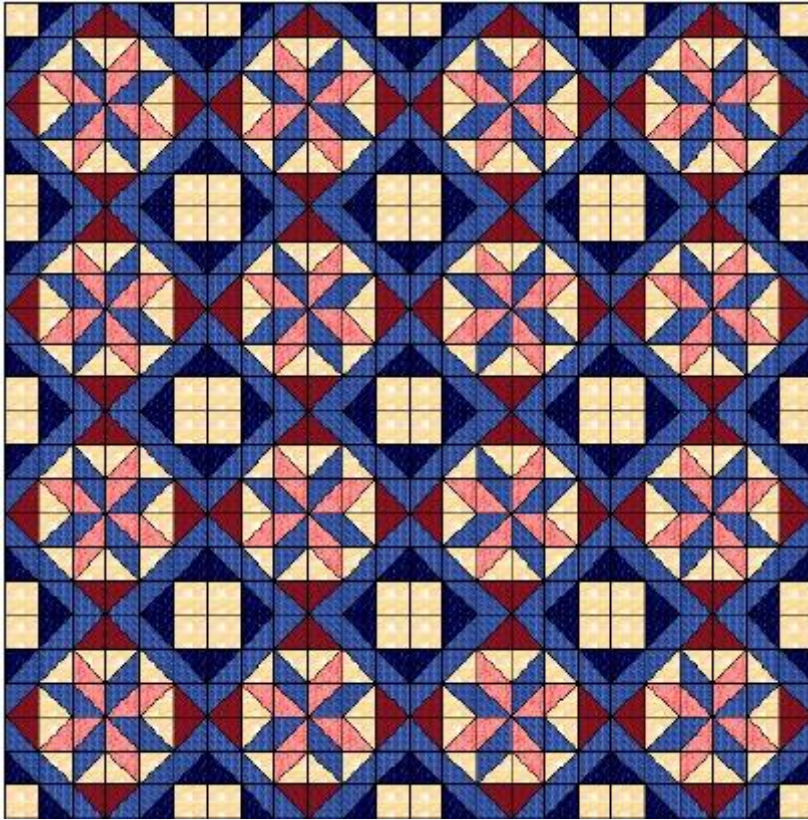

Make 64 of each one of these pairs.

Now you need to create the following block from the above pairs and the $3\frac{1}{2}$ " squares. You will need to make 16 of these blocks as shown in the diagram below.

Now you will need to put these blocks together in rows of 4 and then sew the rows together in pairs and then sew these pairs together for the quilt top. As shown below in the diagram.

Now you will need to add the borders to this. Start with the plain red strips and sew them to the top and bottom. Then add the red strips with the squares to both sides. Next sew the plain blue strips to top and bottom and then add the blue strips with the squares to both sides. You will need 5 yards of backing material. Quilt as desired.
